FREQUENCIES OF BRILLIANCE

“*Going through the initiation during FoB Stage I and II, was wonderful, life changing and also quite a challenge for me. Arna was always there, supporting at the table, in the circle and whenever needed, with the right words at the right time in a way that contributed to my growth as a person and practitioner. I'm very grateful.*”

Our world is going through deep changes at this time. Continuous wars, collapsing economies and other forms of instability challenge and affect countless people. Many people are sharing a sense that even greater changes are about to take place. Some are excited and optimistic; some feel fear and despair.

Frequencies of Brilliance - a powerful energy work, opens us to the ONENESS and to our unique divine potential. Learning & practicing FoB connects us further with our unlimited self and resources, so we become better prepared to handle most situations that present themselves in our lives. We achieve a deeper understanding of our roles in this lifetime. We hear clearly our guidance, become more aware of our choices, our possibilities and the responsibilities that are an integral part of such expansion of consciousness. I know that I'm guided, supported and loved. I wish to share these experiences with you as you come in to your own!

How this work is done: The work is done with a light touch on the physical body or just above the body, in points we call doorways. The process bypasses the mind/ego and frees us from 3rd dimensional illusions, allowing us to directly experience the True Light that is here for us to live and be. It works through the entire nervous system and brain, changing the frequencies that hold us in the place of limitation, separation and self-judgment.

Who can benefit: FoB can assist people suffering from numerous diseases, physical and emotional

addictions, brain disorders such as cerebral palsy, stroke, ADD and Autism.

People, who are searching for the **more** in life, will find that Frequencies of Brilliance is a very exciting and fulfilling journey.

Stage 1 of Frequencies of Brilliance, is a 12 day live in program that initiates you to work with others as well as expanding your connection to your creative and intuitive self, affecting life on all levels.

Awakening occurs on the physical, emotional and spiritual levels, within our bodies and within our world.

An important part of the work involves activating dormant areas of the brain. Through a series of special processes new brain areas are developed and expanded.

Therapists of different modalities find Frequencies of Brilliance a powerful addition to their practice.

“Arna, your commitment, openness, vitality, enthusiasm, seriousness of purpose, humor, soulful and insightful presence, and generous support during our training have marked me for life. The joy of being alive, the well of deep inner peace, and the enthusiasm for emotional and spiritual development in my life continue to expand, thanks to you. Thank you from the bottom of my heart for your gift.”
